Rogaining Tasmania Position Description

EVENT RESULTS

Preliminary results are created at the event for the purpose of reporting to participants and deciding prizes. These may be later modified as protests are processed, equipment checked and maybe interrogated, and calculations checked. Preliminary results are published and may be later replaced by final results. Extra analyses may be performed and published, along with any competitors' routes and reports.

QUALIFICATIONS

- Familiarity with rogaining admin processes
- Intimate familiarity with Navlight software
- Flexibility and troubleshooting ability

DUTIES

- Collect all Navlight equipment after the event
- Resolve any issues where quick resolution is necessary and possible, and post preliminary results.
- Review results and recheck. Review all protests and post revised results if warranted.
- Wait for competitor responses to published results ? how long?
- Create and publish final results, using pretty formatting
- Archive results and tidy up event folder
- Ensure all Navlight equipment is returned (punches may take weeks.)
- Review all equipment and prepare for storage. Return borrowed equipment and organise repairs and improvements. [This may include control flags?]
